

Testimonials:

GROUPIE DOLL – Winner Breeders' Cup Filly & Mare Sprint (G1)

"OCD Pellets is an instrumental part of GROUPIE DOLL's daily routine and will continue to be."

BRASS HAT – G1 winner & multi-millionaire

"Since his sesamoid fracture, OCD Pellets is the only bone product fed to BRASS HAT, and it has played a significant role in his recovery. I've continued to feed OCD Pellets to him and many other horses in my stable. The results are tremendous."

--Buff Bradley, trainer

PANTS ON FIRE – Winner \$1 million Louisiana Derby (G2) & Kentucky Derby contender

"PANTS ON FIRE has been on OCD Pellets since he entered my barn as an early 2YO, and we've had no setbacks with him and he's stayed sound. I was recommended to use the product by my veterinarian because we deal with a lot of 2YOs and younger horses, and it has really helped them. We feed it as a part of their daily diet and have had a good run of success. I believe there is a definite benefit to using OCD Pellets. We're real happy with the product and will continue to use it as part of our program."

--Kelly Breen, trainer

FLYING FIG – 2010 AQHA Racing Champion 2YO Filly

"I strongly believe that the feeding of OCD Pellets has contributed to FLYING FIG's success in her young career. She's an extremely sound filly, and OCD Pellets has been a consistent part of her daily diet."

--Denny Ekins, trainer

CLASSICO Z – Upper level eventer

"Since starting CLASSICO Z on OCD Pellets, his ankles have never looked better. Everyone that I have recommended OCD to has had the same results. I feed OCD Pellets because it is one of the few products that I know works."

--Danny Warrington, Advanced event rider & trainer

BONE**

Optimum Cartilage Development™ (OCD™ Pellets)

The solution to your equine orthopedic problems:

Like the C.O.S.™ of our canine division, OCD™ Pellets is a breakthrough formula that maintains, protects and restores joints and bone by supplying pharmaceutical quality ingredients that encourage new cartilage growth, joint lubrication and relief from inflammation. OCD (Osteochondritis Dissecans), Bone Cysts, DJD (Degenerative Joint Disease), Epiphysitis, Osteoarthritis, etc., are conditions that affect the health of the joint and bone. Sesamoiditis, Bucked Shins, Bone Lesions, Bone Cysts and fractures are conditions that affect more specifically the bone. OCD Pellets support the bone and joint health of horses in all stages of life. This revolutionary formula provides micro-sized Isolate ingredients to maintain healthy bone and joints for better mobility. Good breeding, good care and OCD Pellets can help your equine athlete become a success for sales, show, competition or pleasure. Whether you are a weekend warrior or a professional competitor, your horses will work better and stay sounder when OCD Pellets are a part of your nutritional program.

Guarantee:

We are so certain that your horse will show improvement by using OCD Pellets, we proudly offer you our **Risk-Free 100% Money Back Guarantee!** You will receive a **FREE 2 MONTH supply** of OCD Pellets worth \$89.00 with your first order*. Use the FREE 60 day sample, and if you are not 100% satisfied with the product for any reason, send back the unopened purchased container. We will gladly refund your purchase, no questions asked.

*One per household

Ingredients:

Revolutionary formulation of Hyaluronic Acid, Silicon (Sodium Zeolite), 11 Amino Acids, minerals, Sulfur, and micro-sized Isolates; precursors to the active ingredients of chondroitin and glucosamine: Glutamine, Proline and Glycine. The technology of micro-sized molecules (Isolates) in OCD Pellets result in superior assimilation and utilization of active ingredients. Contains key ingredients associated with the effective development of the skeletal system and the management of joint pain and inflammation, while improving mobility and flexibility. OCD Pellets provides the nutritional support to allow the rebuilding and normal self-repair of joints and bones.

A Safeguard Supplement:

Incorporating OCD Pellets into your feed program is very easy. The alfalfa-based pellets can be top dressed on individual feedings or blended into your custom feed mixture. Simply add 1 scoop (1 oz.) per day for maintenance dose and 2 scoops (2 oz.) per day for horses with bone problems. For horses with orthopedic problems, we recommend 2 scoops per day for 90 days (or until radiographed clean). OCD Pellets will not interfere with any complete feed or supplement. Horses love it and will eat it right out of your hand!

Cost Effective:

OCD Pellets is a two-in-one supplement (bone & joint) and can cost **as little as 99¢ a day.**

SIZE	Maintenance Dose*	Maximum Dose**
4 lb. / \$89.00	64 doses (2 months); \$1.39/day	32 doses (1 month); \$2.78/day
15 lb. / \$309.00	240 doses (8 months); \$1.29/day	120 doses (4 months); \$2.57/day
40 lb. / \$749.00	640 doses (21 months); \$1.17/day	320 doses (11 months); \$2.34/day
60 lb. / \$959.00	960 doses (32 months); \$0.99/day	480 doses (16 months); \$1.99/day

* 1 scoop = 1 oz.

** 2 scoops = 2 oz.
