

**Revolutionary  
nutritional supplement  
that promotes  
healthy BONE and JOINTS**

## **Canine Orthopedic Solution™ (C.O.S.™)**

### **The solution to your canine orthopedic problems:**

Like the OCD™ Pellets of our equine division, **C.O.S.™** is a revolutionary supplement that promotes healthy bones and joints. Degenerative Joint Disease (DJD), Osteochondritis Dissecans (OCD), Hip Dysplasia, Osteoarthritis, etc., are bone disorders that affect the health of the joint. A joint could be described simply as a junction between two bones that permits motion. **C.O.S.™** is designed to decrease inflammation, joint pain and dramatically strengthen the cartilage of the bone. **C.O.S.™** helps decrease the discomfort associated with daily activities to maintain a mobile, pain-free pet. You will be able to see very quickly that your dog is more active, much more comfortable and happier.

### **Guarantee:**

We are so certain that your dog will show improvement within the first 5 to 7 days of using **C.O.S.™**, we proudly offer you our **Risk-Free 100% Money Back Guarantee!** You will receive a **FREE 2 MONTH supply** of **C.O.S.™** worth \$29.40 with your first order\*. Use the FREE 60 day sample, and if you are not 100% satisfied with the product for any reason, send back the unopened purchased container. We will gladly refund your purchase, no questions asked.

*\*One per household*

## Easy to feed:

**C.O.S.**™ pellets can be sprinkled over food or given as a treat. **C.O.S.**™ will not interfere with any complete feed or supplement. Dogs love it and will eat it right out of your hand.

- **Small dog** (under 20 lbs.): **Feed ½ scoop (2 g.) daily**
- **Large dog** (over 20 lbs.): **Feed 1 scoop (4 g.) daily**

SIZE	Small Dogs* (under 20 lbs.)	Large Dogs** (over 20 lbs.)
120 g. / \$29.40	60 doses (2 months); 49¢/day	30 doses (1 month); 98¢/day
360 g. / \$84.60	180 doses (6 months); 47¢/day	90 doses (3 months); 94¢/day
720 g. / \$162.00	360 doses (12 months); 45¢/day	180 doses (6 months); 90¢/day

\*½ scoop = 2 g.

\*\*1 scoop = 4 g.

## Ingredients:

Revolutionary formulation of Hyaluronic Acid, Silicon Dioxide, Sulfur, and micro-sized Isolates; precursors to the active ingredients of chondroitin and glucosamine: Glutamine, Proline and Glycine. The technology of micro-sized molecules (Isolates) in **C.O.S.**™ result in superior assimilation and utilization of active ingredients. **C.O.S.**™ provides the nutritional support to allow the rebuilding and normal self-repair of joints and bones. Key ingredients associated with the effective development of the skeletal system and the management of joint pain, inflammation to improve mobility and flexibility.

## Testimonial:

*My dog, Mariah, an English Mastiff, is 4 years old and weighs 128 lbs. I was beside myself as my dog was dragging her hind leg and had trouble getting into the car and even going to the bathroom. We visited the vet and were diagnosed with degenerative changes in her hips. It seemed any movement involving her hind end was painful and all she wanted to do was lay on the couch. I knew the effects of OCD™ Pellets on horses and its success, so I contacted your company. It's been about a month and a half since I received **C.O.S.**™ and started giving it to her. Today she is a happy, lively dog again. Now, when we take her for a walk she thoroughly enjoys it. She is getting into the car without any hesitation, jumping into the groomer's tub with a lively step again, and most importantly, wanting to play again. – Anne M. McCloskey*
